Stepan Mateiko

Frontend Developer with commercial experience at EPAM Systems, specializing in React and TypeScript development for enterprise healthcare, retail, and e-commerce platforms.

Experienced in building scalable UI architectures, implementing complex business logic, integrating REST APIs, and collaborating within cross-functional Agile teams.

Experience

EPAM Systems – **Front-End Developer** *(Jun 2024 – Now)*

Key Projects:

1) Built provider experience platform for healthcare, focusing on accessibility and performance.

Tech: TypeScript, React, Redux Toolkit, SASS, Material UI, Jest, Azure DevOps, SAP

2) Enhanced e-commerce platform with Contentful CMS and React.

Tech: TypeScript, React, Redux Saga, Contentful, GraphQL, Material UI

3) Modernized legacy retail systems with React and TypeScript.

Tech: TypeScript, React, Redux, SASS, Material UI, Jest

EPAM Internal Lab – **Front-End Trainee** *(Sep 2023 - Jun 2024)*

- Completed intensive traineeship in React, TypeScript, Node, and state management.
- Built demo projects and participated in code reviews.

Tech Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS/SASS

Frameworks/Libraries: React, React Native, Redux Toolkit, Redux Saga, React Router, Context API, Material UI, Tailwind CSS, styled-components

Testing: Jest, React Testing Library

API/Backend: REST, GraphQL, Axios, Fetch API, Node.js, Express.js, MongoDB, JWT, Multer, Cloudinary

Tools: Git, GitHub, Azure DevOps, NPM, Yarn, Visual Studio Code, Figma, Contentful CMS

Other: Accessibility (ARIA, keyboard navigation), Responsive Design, ESLint, PropTypes, Vite

Pet Projects

1) **Game of Thrones Quiz:** Accessible web quiz game.
HTML5, CSS3, JavaScript | Live | GitHub

2) **Marvel Universe:** React SPA for Marvel data.
React, Material UI, styled-components | Live | GitHub

3) **Sigma Online Store:** Full-stack e-commerce app.
React, Node.js, Express, MongoDB | Live | GitHub FE | GitHub BE

4) **Learn App:** Role-based learning platform.
React, TypeScript, Redux Toolkit, Node.js | Live | GitHub FE | GitHub BE

5) **Movies App:** Movie catalog with admin features.
React, TypeScript, Redux Toolkit, Jest | Live | GitHub
